

Wondering Who Your New Neighbours Are?

Well, allow us to introduce ourselves.

We're Generation Plus Bio Chemical Corp.

Born in '87, lover of people, community and the environment.

Like a good neighbour, our goal is to be low-stress and highly active when it comes to the community.

We pride ourselves in our award-winning recycling methods and environmentally safe recycling bi-products.

We are also a top 100 employer and have developed strong community relationship-building practices.

So if you see us, say hello.

We'd love to get to know you too.

Generation Bio Chemical Corp., the future of waste management.
